Verification report

Reference list - Digital teaching seminar

Captured: 10 November 2026, 14:00 UTC

Intermediate snapshot: the Check is not complete. This file shows its state at the capture time.

Design prototype with fictional data. No real Source verification.

At a glance

1 of 10 References is classified as correct. Four References have no Verdict yet.

- Correct: 1
- Exists, with deviations: 1
- Mixed citation: 1
- DOI conflict: 1
- Not found: 1
- Not verifiable: 1

Statuses - separate from Verdicts

Check running: 1

Not checked: 1

Cancelled: 1

Technical failure: 1

Manually changed: Reference 1. The system Verdict and the change are both retained.

Scoring rules: versions 2026.10 and 2026.11. Each Reference states its own version.

1. Soziale Systeme: Grundriß einer allgemeinen Theorie

Correct

Manual: Correct. System Verdict: Not verifiable.

10 November 2026, 13:58 UTC

Checked Reference

Luhmann, N. (1984). Soziale Systeme: Grundriß einer allgemeinen Theorie. Suhrkamp.

Explanation

Title, author and year agree with the best match.

Correction suggestion - preview, APA 7

No eligible Correction suggestion.

Scoring rules: 2026.10

https://openlibrary.org/

2. Digitale Lehre in der Hochschulbildung

Exists, with deviations

Checked Reference

Mayer, T. (2019). Digitale Lehre in der Hochschulbildung. Zeitschrift für Hochschulentwicklung, 14(3), 45-62.

Explanation

The title is identified. The year and page range differ: 2020 rather than 2019, 45-64 rather than 45-62.

Correction suggestion - preview, APA 7

Mayer, T. (2020). Digitale Lehre in der Hochschulbildung. Zeitschrift für Hochschulentwicklung, 14(3), 45-64.

Scoring rules: 2026.10

https://search.crossref.org/

3. Wissenschaftliches Arbeiten im digitalen Wandel

Mixed citation

Checked Reference

Weber, A., & Hoffmann, L. (2021). Wissenschaftliches Arbeiten im digitalen Wandel. Bildung und Forschung, 8, 21-38.

Explanation

The author and title belong to different candidates. The Reference cannot be assigned to one unambiguous Source.

Correction suggestion - preview, APA 7

No eligible Correction suggestion.

`Scoring rules: 2026.10`

https://openalex.org/

4. Offene Wissenschaft und Forschungsdaten

DOI conflict

Checked Reference

Schmidt, J. (2022). Offene Wissenschaft und Forschungsdaten. Wissenschaftspraxis, 12, 90-108. doi:10.0000/beispiel-fremd

Explanation

In this example the supplied DOI points to a different Source. The title and DOI do not agree.

Correction suggestion - preview, APA 7

No eligible Correction suggestion.

`Scoring rules: 2026.10`

https://www.crossref.org/

5. Adaptive Quellenbewertung in virtuellen Bibliotheken

Not found

Checked Reference

Klein, M. (2023). Adaptive Quellenbewertung in virtuellen Bibliotheken. Europäisches Journal für Bibliotheksmodelle, 7, 101-122.

Explanation

The planned searches completed without a matching result. This does not prove that the Source does not exist.

Correction suggestion - preview, APA 7

No eligible Correction suggestion.

`Scoring rules: 2026.11`

https://openlibrary.org/

6. Многоязычные библиографические данные

Not verifiable

Checked Reference

Иванов, А. (2024). Многоязычные библиографические данные. Исследовательские заметки, 3, 12-29.

Explanation

The available metadata is insufficient for an unambiguous match. The uncertainty remains explicit.

Correction suggestion - preview, APA 7

No eligible Correction suggestion.

`Scoring rules: 2026.11`

https://openalex.org/

7. Lernkulturen im Wandel

Status: Check running

Checked Reference

Berger, L. (2024). Lernkulturen im Wandel. Beispielverlag.

The Check is running. This snapshot has no Verdict yet.

8. Methoden empirischer Literaturarbeit

Status: Not checked

Checked Reference

Neumann, P. (2020). Methoden empirischer Literaturarbeit. Beispielverlag.

No Check has started for this Reference.

9. Digitale Archive und Zugänglichkeit

Status: Cancelled

Checked Reference

Fischer, S. (2022). Digitale Archive und Zugänglichkeit. Beispielverlag.

The Check was cancelled. There is no Verdict.

10. Forschungsdaten nachhaltig nutzen

Status: Technical failure

Checked Reference

Yilmaz, D. (2023). Forschungsdaten nachhaltig nutzen. Beispielverlag.

The Check failed technically. There is no Verdict.
